- Request from Christina Cena:

We are hosting a Summer Institute for our elementary teachers and the ELA department teachers. Elementary teachers all finished their GLAD training this year, so we are providing them time this summer to develop these GLAD units in Spanish (something we've never had time to do). Our ELA/SLA teachers have been piloting new programs, so they will also be provided time to plan/organize for the next school year.

I thought it would be super cool if the foundation provided lunch each day for the staff? It will be June 6-9, 8:30-3:00. I will have a final headcount by Monday, but I wanted to see if this was something the Foundation could help with?
- New Business
 - Budget Revisions
 - discuss creating line items for: staff/teacher moral/appreciation and graduation/promotions for 8th, 6th and kinder
- 5 min public comment
- Next meeting: April 7th.
